Subject: RE: 26/92167 NMA & 26/92159 DOC for cond 16 of 21/93567

SECOND LINK

2026/44/92159/E

Purports solely to the redischarge of condition 16 in respect of the relocation of the retaining wall adjacent to plots 44-52, hence my response is as per my response to your consultation on the discharge of condition 16 of 2021/93567 (2026/92159), your ref 21_36964, copied below for ease of reference:

I note the applicant is seeking to “re-discharge” condition 16 in respect of the wall on the boundary of plots 44-52 (our structure ref K61200C&D).

I also note that the applicant has cited only the AIP (rev P7) as supporting the application.

For completeness, the full suite of documents required by us to support a recommendation to Planning that the condition be discharged, in this case, comprises:

- *K61200C&D AIP rev P7 (signed 03-07-2026) with appendices (provided)*
- *K61200C&D Design and Check Certificate including drgs SK24-5558-F1-01 Rev 0, SK24-5558-F1-03 Rev 0, SK24-5558-F1-04E, SK24-5558-F1-05E*

As I hold copies of all the above documents and am satisfied that the required information has been provided, I recommend that Condition 16 be discharged.

I trust that answers your question but please do not hesitate to get in touch if you need anything more on this.

Regards
Claire

Please note that my working days are normally Tuesday to Friday.
