I fully support the planning application for Masjid Iman and believe that the mosque provides an important and valuable service to the local community.

A mosque is not simply a place of worship; it is also a place where people come together, support one another and strengthen community relationships. It provides a welcoming and peaceful environment for Muslims to perform their daily prayers, attend Friday prayers (Jumu'ah), and observe important religious occasions such as Ramadan, Eid al-Fitr and Eid al-Adha.

Masjid Iman plays an important role in bringing families and people of different backgrounds together, promoting kindness, respect, understanding and community spirit. It also provides opportunities for religious education, guidance and positive activities for younger generations.

Having a suitable and accessible place of worship is essential for members of the local Muslim community. It allows people to practise their faith, maintain their religious traditions and celebrate important occasions together in a safe and welcoming environment.

I believe that Masjid Iman makes a positive contribution to the local area by supporting the wellbeing of residents, encouraging community cohesion and providing a place of peace, reflection and togetherness.

I therefore strongly support this application and hope that the Council will give it favourable consideration.

Thank you for considering my comments.
