Our mosque is much more than a place of worship. It is the heart of our community, providing a safe and welcoming space where people come together to practise their religion, pray, learn about Islam, and strengthen their faith.

It plays an important role in bringing families, children, young people and older members of our community together. It provides religious education for our children, supports people in times of need, encourages positive relationships, and helps preserve our religious and cultural identity for future generations.

For many people, the mosque is also a place of belonging, friendship, guidance and emotional support. Closing it would mean losing an important community space and an essential part of our daily lives.

We believe our community deserves to have a voice in this decision. Rather than closing the mosque, we ask that all possible alternatives be explored and that meaningful discussions take place with local residents and community members.

Please recognise the mosque's value beyond its building. It represents faith, unity, education, belonging and community spirit.

Save our mosque. Protect our community. Preserve a place for future generations.
