I strongly support the Iman Community Association, located at Waverley House, Waverley Road, Huddersfield, HD1 5NA. This association is much more than a place of worship. It is a supportive community centre that brings people together, supports families, encourages young people, and promotes unity, respect and understanding among people from different backgrounds. I sincerely urge Kirklees Council to recognise its social and community value and work with the association to find a positive solution that allows it to continue serving the community.
