Noise and light Pollution. We already have lots of noise which impacts our lives from the club house, with loud music, karaoke and people shouting until late in the evenings, especially at weekends. Then there is the noise we get from events on the field with generators going all day. Then the firework display which is ridiculously loud and causes lots of dirt and discarded paper from fireworks. Then we have the football matches also. Now you proposing even more noise from Padel boards, people and extra traffic. Enough is enough! We can't have our windows open when events are on already due to the noise and now you're wanting it from 6am to 11pm every day! Find another location in the village instead of constantly impacting the same people's lives. As far as the parking. Scholes lane, Foldings road area is already chaotic with insufficient parking for residents. Then we have the extra from hall on Foldings road and now you're proposing additional traffic. An accident waiting to happen.
