Postcode:	BD19 6NN

User comments

Type of comment: An objection	
Do you wish your comments to be published on the website anonymously?	Yes
Impact on parking and traffic: The proposed development is likely to generate significant additional demand for parking. There is concern that visitors may park along our residential road, resulting in increased congestion, obstruction, and inconvenience for existing residents. Light pollution: The proposed floodlighting is likely to cause significant light spill into neighbouring residential properties, affecting residents' privacy, comfort, and enjoyment of their homes, particularly during evening hours. Excessive operating hours: The proposed opening hours of 6:00 am to 11:00 pm are excessive for a development located close to residential properties. Such extended hours would have a significant impact on residents, particularly early in the morning and late at night. Noise and disturbance: The proposed activity is inherently noisy, particularly when sports are played outdoors. Noise from players, spectators, equipment and associated activity could cause significant disturbance to neighbouring residents, especially during the proposed extended operating hours.
