Afternoon,

>

> This project should not be approved on George Street Dewsbury, that road is very narrow (only wide enough for single lane) and is very busy as alot of people use this road to shortcut away from Huddersfield Road to get to the doctors on time away from the busy main roads. The Doctors is on Wellington Road West/Wheelwright Street.

>

> Also due to the tight narrow roads the road cannot afford more traffic to be on that road from a car wash and other cars blocking the road and causing traffic, lastly we do not need another car wash as there is one less than 200m away next to Kwik Fit.

>

> This will affect alot of people in the area going to the doctors and getting to appointments on time, picking up prescriptions and attending emergency appointments, anyone saying that building something on this land would not affect traffic and peoples health attending appointments is not being truthful.
