This will make our small cul-de-sac more closed off and block light to houses, it will make our street harder to find and more blocked off to the public, trees have been cut down without knowledge on the land,it will make a already busy road and hard to see cars comming off albany drive this causing accidents, it will be a great disturbance building to elderly residents thats lived here many decades, It will look totally out of place with the already aged homes all on albany drive and albany road, the land should be used in a more environmental way trees plants. It will block the views of houses behind and the ciew of the road.
