Postcode:	HD8 9AU

User comments

Type of comment: An objection	
Do you wish your comments to be published on the website anonymously?	Yes
<p>I would like to make my objection known regarding this planning application primarily because it will have a negative effect on mine and other local businesses in the area. The parking is already a contentious issue in the village and the addition of short stop inconsiderate parking will have a serious negative effect on existing parking and travel along Station Road.</p> <p>The planning notification placed on the lamppost outside the property states that residents have 21 days to comment from the date of the publication but gives the date as 17th June giving the impression that commenting was over long before the planning application was actually submitted on 11th August.</p> <p>This may have been a genuine mistake rather than a clever tactic to minimise objections but the local community should have the opportunity to comment whether positive or negative.</p>
