1. Procedural Matters

Prior notifications for the erection of single storey rear extensions to dwellings are considered against the requirements as set out by the Town and Country Planning (General Permitted Development)(England) Order 2015 (as amended) Schedule 2, Part 1, Class A, condition A.4.

Proposals pursuant to Class A are permitted subject to limitations set out in paragraph A.1 and in the case of Class A.1 (g) subject to the discharge of condition A.4. This proposal relates to development pursuant to Class A where condition A.4 is engaged and for the purposes of this assessment only the limitations for Class A.1 (g) and requirements condition A.4 are considered. Other limitations within Class A are not considered other than where, in the opinion of the Local Planning Authority, the development does not comply with the limitations within Class A of the Order. Ultimately the responsibility to ensure the development is carried out in full accordance with any planning permission rests with the applicant or property owner/occupier.

Is any part of the proposal clearly outside the curtilage of the dwellinghouse?	No
If the house is detached and from the information submitted, does the extension extend more than 8 metres from the rear of the original dwellinghouse?	N/A

Condition A.4

1.1 Summary of representations: - None received

1. Assessment

The application property does not have an existing rearward projection, and neither does the neighbouring adjoined property. The development appears to project from the original rear elevation from analysis of historic OS maps and on the balance of probability appears to constitute permitted development.

No requirement to assess amenity as no representations have been received.

2. Recommendation

Prior Approval is not required.
