

Appendix A – Climate Change Statement

Climate Change Statement for Planning Applications

Part 1: Applicant details

Name of applicant/agent	Mr & Mrs D Brewster
Site Address	Duke Ings Slades Road Golcar HD7 4NE
Description of Development	Extension to garage roof

Part 2: Climate Change Mitigation measures

Please respond to the following questions considering the measures set out in the Climate Change Guidance note:
Q1: What measures have been/will be taken to reduce the energy demand associated with your proposed development beyond the minimum required in Building Regulations? (See section 2)
No energy required other than lighting
Q2: What measures have been/will be taken to limit the carbon consumed through the implementation and construction processes, e.g. by reusing existing on-site materials or sourcing materials locally? (See section 3)
Locally sourced materials. Recycle existing materials where possible Reduce waste on site during construction.
Q3: What measures have been/will be taken to utilise renewable or low carbon energy sources? (See section 4)
Will consider solar panels.
Q4: What measures have been/will be taken to ensure the building design and layout has

been optimised to energy efficiency beyond the minimum requirements in Part L of the Building Regulations ? (See section 5)

Will consider use of triple glazing
Low energy lights
Possibly solar panels

Q5: What measures have been/will be taken to reduce potential impacts of flooding associated with your proposed development? (See section 6)

Keep soft landscape to garden.
Will consider rainwater harvesting

Q6: What measures have been/will be taken to reduce water stress associated with your proposed development? (e.g. Water retention and minimisation measures) (See sections 7 and 8)

Will consider rainwater harvesting

Q7: What measures have been/will be taken to provide biodiversity net gains? (See section 8)

Keep soft landscaping.
Gaps in fence for hedgehog access.

Q8: What measures have been/will be taken to reduce air pollution associated with your proposed development? (See section 9)

Locally source materials.
