Appendix A – Climate Change Statement

Climate Change Statement for Planning Applications

Part 1: Applicant details

Name of applicant/agent	Mr Mr Mohammed Azeem Hussain
Site Address	21 Clarke St, Dewsbury WF13 4LP
Description of Development	Proposed single storey rear extension and rear dormer under permitted development

Part 2: Climate Change Mitigation measures

Please respond to the following questions considering the measures set out in the Climate Change Guidance note:
Q1: What measures have been/will be taken to reduce the energy demand associated with your proposed development beyond the minimum required in Building Regulations? (See section 2)
All floors and walls to be insulated
Q2: What measures have been/will be taken to limit the carbon consumed through the implementation and construction processes, e.g. by reusing existing on-site materials or sourcing materials locally? (See section 3)
Local sourced Material
Q3: What measures have been/will be taken to utilise renewable or low carbon energy sources? (See section 4)

better boiler
Q4: What measures have been/will be taken to ensure the building design and layout has been optimised to energy efficiency beyond the minimum requirements in Part L of the Building Regulations ? (See section 5)
Improved insulation, roof lights and air tight
Q5: What measures have been/will be taken to reduce potential impacts of flooding associated with your proposed development? (See section 6)
not in a flood zone, no measures taken
Q6: What measures have been/will be taken to reduce water stress associated with your proposed development? (e.g. Water retention and minimisation measures) (See sections 7 and 8)
all internal taps to have flow restricting device to save water, Existing drainage
Q7: What measures have been/will be taken to provide biodiversity net gains? (See section 8)
garden remaining
Q8: What measures have been/will be taken to reduce air pollution associated with your proposed development? (See section 9)
electric car charging point
