Condition number(s)

Has the development already started?

☒ No

Condition(s) - Variation/Removal

Please state why you wish the condition(s) to be removed or changed

Conditions 2 and 3 are sought to be varied to accommodate revisions to the approved design following further consideration of the internal layout, construction and appearance of the extension.

The revised proposal relocates the single-storey rear extension to the opposite side of the rear elevation, together with associated changes to the internal layout and external openings. The previously approved pitched roof is also replaced with a flat roof concealed behind a parapet with pressed aluminium capping.

The overall nature and use of the development remain unchanged as a single-storey rear extension and associated alterations.

If you wish the existing condition to be changed, please state how you wish the condition to be varied

Condition 2

It is requested that Condition 2 is varied to substitute the previously approved proposed drawings with the revised drawings submitted with this application:

20-002 – Proposed Plans – Rev A

22-002 – Proposed Elevations – Rev A

The development shall thereafter be carried out in accordance with the revised approved drawings.

Condition 3

It is requested that Condition 3 is varied to allow the external walls of the extension to match the existing dwelling, with the revised flat roof finished in an appropriate flat roofing membrane behind a parapet incorporating pressed aluminium capping, in accordance with the submitted revised drawings.

Community Infrastructure Levy

Your development may be liable for a charge under the Community Infrastructure Levy if it involves new or additional gross internal area for residential and non-residential buildings, including extensions or a new dwelling. If your scheme is liable, this charge is payable after development begins.

Information on the CIL charges can be found on the local authority website. In London both Mayoral and local borough CIL charges may be applicable.

Your answers below, and in the application, will enable the local authority to establish if your development is liable for a charge and to calculate it accurately.

Further information on CIL, and what to do if you are liable can be found on the [Planning Portal](#).

It is an offence for a person to knowingly or recklessly supply information which is false or misleading in a material respect to a collecting or charging authority in response to a requirement under the Community Infrastructure Levy Regulations (2010) as amended (regulation 110, SI 2010/948). A person guilty of an offence under this regulation may face unlimited fines, two years imprisonment, or both.

Does the application involve a change in the amount of gross internal area where one or more new dwellings (including residential annexes) are to be created, either through new build or conversion (except the conversion of a single dwelling house into two or more separate dwellings with no additional gross internal area created)?
