Consultation Response from KC, Ecology Unit
2026/92546 adj, 25, Birkhead Street, Heckmondwike, WF16 0BE
Demolition of existing garage and erection of detached dwelling with associated works
Date Responded: 05/10/2026 Responding Officer: Z. Hanshaw Responding Ref: 2610/07

No ecological information has been submitted with this application. From the documents submitted, and a desk assessment, it is not expected that any protected or priority species are likely to be present onsite. The site is surrounded on 2 sides by roads, and the other two by residential properties. The wider landscape is urban, and there is no ecological connectivity between the site and any nearby areas of habitat. The site is not within a bat alert zone, and the garage is single storey, pebbledash rendered and has a flat roof. It is considered unlikely that and protected or priority species will be present onsite. I therefore have no further ecological comments on this application.
