Application for Tree Works: Works to Trees Subject to a Tree Preservation Order (TPO) and/or Notification of Proposed Works to Trees in a Conservation Area

Town and Country Planning Act 1990 (as amended)

Publication of applications on planning authority websites

Please note that the information provided on this application form and in supporting documents may be published on the Authority's website. If you require any further clarification, please contact the Authority's planning department.

Tree Location

Please provide the address of the site where the tree(s) stands (full address if possible)

Number	34
Suffix	
Property Name	
Address Line 1	South Lane
Address Line 2	
Address Line 3	Kirklees
Town/city	Holmfirth
Postcode	HD9 1HJ

Description of site location must be completed if postcode is not known:

Easting (x)	Northing (y)
414441	408082

If the location is unclear or there is not a full postal address, describe as clearly as possible where it is

(for example, 'Land to rear of 12 to 18 High Street' or 'Woodland adjoining Elm Road')

Fax number

Email address

What Are You Applying For?

Based on the type of work proposed and the location and protected status of the trees involved, there are various details and supporting information that will need to be supplied in order for the Local Planning Authority to determine the application.

Are you seeking consent for works to tree(s) subject to a Tree Preservation Order?

- ☐ Yes
☒ No

Are you wishing to carry out works to tree(s) in a conservation area?

- ☒ Yes
☐ No

Documents and plans (for any tree)

A sketch plan clearly showing the position of trees listed in the question 'Identification of Tree(s) and Description of Works' MUST be provided when applying for works to trees covered by a Tree Preservation Order.

A sketch plan is also advised when notifying the LPA of works to trees in a conservation area ([see guidance notes](#)).

It would also be helpful if you provided details of any advice given on site by an LPA officer.

Are you providing additional information in support of your application (e.g. an additional schedule of work for the question 'Identification of Tree(s) and Description of Works')?

- ☒ Yes
☐ No

If Yes, please provide the reference numbers of plans, documents, professional reports, photographs etc in support of your application

PDF 1 - 34 South Lane Tree Location Plan
PDF 2 - 34 South Lane Section 211 Schedule of Works
Photos 1–2 – T1 Oak: current appearance and crown structure
Photos 3–4 – T2 Sycamore: current appearance, ivy and relationship to Studio
Photos 5–6 – T3 Common Lime: current appearance and relationship to Studio

Identification of Tree(s) and Description of Works

Please identify the tree(s) and provide a full and clear specification of the works you want to carry out

T1 – Oak (*Quercus* sp.) (our land)

Selectively reduce the lateral crown spread by up to approximately 2.0m, concentrating on the longest extended lateral branches whilst retaining a natural, balanced crown form. Crown thin by no more than 15% of the leaf-bearing crown, concentrating on crossing, congested and poorly formed secondary growth. Remove dead branches where appropriate. Prune back to suitable growth points.

T2 – Sycamore (*Acer pseudoplatanus*) – trunk approximately 2m from The Studio. (land owned by 21 Dunford Road, permission granted for all works)

Selectively reduce crown spread by up to approximately 2.5m, with particular attention to branches extending towards and over the chalet, to provide appropriate clearance from the building whilst retaining a natural crown form. Undertake limited crown thinning of no more than 10–15% where required to relieve congested growth. Sever ivy at the base and manage ivy sufficiently to permit inspection of the main stem and principal branch unions. Prune back to suitable growth points.

T3 – Common Lime (*Tilia × europaea*) – trunk approximately 2m from The Studio. (land owned by 38 South Lane, permission granted for all works)

Selectively reduce crown spread by up to approximately 2.5m, particularly lateral branches extending towards and over The Studio, to provide appropriate clearance from the building whilst retaining a natural crown form. Undertake limited crown thinning of no more than 10–15% where required to relieve congested growth. Manage/sever ivy where necessary to permit inspection of the main stem and principal branch unions. Prune back to suitable growth points.

All pruning works to be undertaken in accordance with BS 3998:2010. Maximum reductions stated above are not intended to require uniform removal of that amount throughout the crown. All three trees are to be retained. Please also refer to the accompanying Tree Location Plan, Schedule of Works and supporting photographs.

You might find it useful to contact an arborist (tree surgeon) for help with defining appropriate work.

Where trees are protected by a Tree Preservation Order, please number them as shown in the First Schedule to the Tree Preservation Order where this is available. You should use the same numbering on your sketch plan (see below for sketch plan requirements).

Please provide the following information:

- Tree species
- The number used on the sketch plan; and
- A description of the proposed works.

Where trees are protected by a Tree Preservation Order you must also provide:

- Reasons for the work; and where trees are being felled
- Proposals for planting replacement trees (including quantity, species, position and size) or reasons for not wanting to replant.

e.g. Oak (T3) – Whole crown reduction to 12m above ground level, to provide sufficient clearance to property.

Sketch plan requirements

Your plan needs to show the precise location of the tree(s) in relation to nearby property/roads/boundaries. It should, therefore:

- indicate the main features of the site where the tree(s) stand and its surroundings; in particular, you should:
 - mark and name surrounding roads
 - sketch in buildings, including adjoining properties
 - add house numbers or names
- mark the position of the tree(s) to which you want to carry out work and identify them by the number shown in the Tree Preservation Order where possible; if you use a different number, please make sure that this can be matched with your description of the tree(s)
- if there are many trees on the site, make clear which tree(s) are included in this application by:
 - marking all trees on the plan, but only numbering those to which you want to carry out work
 - showing the approximate distance between the application tree(s) and buildings
 - adding other relevant features on the site (e.g. greenhouse, paths)

If it is impossible to identify the tree(s) accurately on the plan (e.g. because they are part of a woodland or group of trees), please identify their approximate location on the plan and provide details of how the tree(s) are marked on site (e.g. high visibility tape, tree tags, paint, etc); trees must not be marked by scarring or cutting into the bark.

Tree Ownership

Is the applicant the owner of the tree(s)?

☒ Yes

☐ No

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

(a) a member of staff

(b) an elected member

(c) related to a member of staff

(d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

☐ Yes

☒ No

Declaration

I/We hereby apply for Tree works: Trees in conservation areas/subject to TPOs as described in the questions answered, details provided, and the accompanying plans/drawings and additional information.

I/We confirm that, to the best of my/our knowledge, any facts stated are true and accurate and any opinions given are the genuine opinions of the person(s) giving them.

I/We also accept that, in accordance with the Planning Portal's terms and conditions:

- Once submitted, this information will be made available to the Local Planning Authority and, once validated by them, be published as part of a public register and on the authority's website;
- Our system will automatically generate and send you emails in regard to the submission of this application.

☒ I / We agree to the outlined declaration

Signed

Daniel Lock
