Planning (Listed Buildings and Conservation Areas) Act 1990

REFUSAL OF LISTED BUILDING CONSENT

Application Number: 2026/65/92585/W

To: Emmeline Myall
15, Thick Hollins
Meltham
Holmfirth
HD9 4DQ

For: Emmeline Myall

The KIRKLEES COUNCIL hereby give notice that LISTED BUILDING CONSENT has been refused for the execution of the works referred to:-

LISTED BUILDING CONSENT FOR REPLACEMENT REAR WINDOW FRAMES

At: 15, THICK HOLLINS, MELTHAM, HOLMFIRTH, HD9 4DQ

In accordance with the plan(s) and applications submitted to the Council on 18-Sep-2026. The reasons for the Council's decision to refuse consent for the development are:

Decision Authorisation - Delegated Powers

Application Number: 2026/92585

Officer Recommendation: Refuse consent

In accordance with the plan(s) and applications submitted to the Council on 15-Sepr-2026, except as amended or specified, details of which can be found in the table below. The reasons for the Council's decision to refuse permission for the development are:

1. The use of uPVC for the replacement windows is not considered to be in keeping with the historic character of the building. This would harm the significance of the listed building. The introduction of this inappropriate material would diminish rather than preserve or enhance the special architectural and historic interest of the building. The application is therefore contrary to Section 16(2) of the Planning (Listed Buildings and Conservation Areas) Act 1990 and Policy LP35 of the Local

Plan. A clear and convincing justification has not been provided for the harm to significance of the listed building, resulting from the replacement of the timber windows with uPVC windows. The application is therefore contrary to Policy HE4(2) of the National Planning Policy Framework. Public benefits have not been demonstrated that would outweigh the harm to the significance of the listed building. The application is therefore contrary to Policy HE6(4) of the National Planning Policy Framework and Kirklees Local Plan Policy LP35.

Plans and specifications schedule:-

Plan Type	Reference	Version	Date Received
Grouped plans and elevations	Window proposal (id 1158157)	n/a	21 September 2026
Location plan	TQRQM26258094434073	n/a	21 September 2026
Heritage statement	Id 1157631	n/a	15 September 2026

Pursuant to article 35 (2) of the Town and Country Planning (Development Management Procedure) Order 2015 and guidance in the National Planning Policy Framework, the Local Authority have, where possible, made a pre-application advice service available, complied with the Kirklees Development Management Charter 2015 and otherwise actively engaged with the applicant in dealing with the application.

Report Dated: 11 November 2026

Development within a Coal Mining Area

DEVELOPMENT LOW RISK AREA - STANDING ADVICE

The proposed development lies within a coal mining area which may contain unrecorded coal mining related hazards. If any coal mining feature is encountered during development, this should be reported immediately to the Mining Remediation Authority on 0345 762 6846 or if a hazard is encountered on site call the emergency line 0800 288 4242.

Further information is also available on the Mining Remediation Authority website at: Mining Remediation Authority - GOV.UK

Digital Infrastructure: Fibre To The Property (FTTP)

Access to affordable and reliable broadband is necessary for Kirklees' residents, businesses, and visitors to take advantage of the growing digital economy and 'digital by default' services. Fibre optic cables direct to a property (FTTP) is the most reliable way of delivering high speed broadband connectivity and allows for gigabit internet speeds. Access to high quality digital infrastructure provides the foundations for, amongst other things:

- Economic prosperity – workforces that are digitally-literate enables business to thrive.
- Digital literacy – digital literacy and skills increase employability and people can exploit the internet for transactional, social, entertainment and learning purposes.
- New services – digital delivery can lower costs and provide innovative public and health services more conveniently.

It is therefore advised that digital infrastructure, including FTTP, and its benefits for the development be considered from the earliest feasible stage. Methods include working with Internet Service Providers to install digital infrastructure alongside other utilities or providing pre-infrastructure allowing for speeder installation at a later date.

Note: The provision of fibre infrastructure is often available from certain telecommunications providers free of charge for development over a certain scale, provided that sufficient notice is given. Notice periods are typically at least 12 months prior to first occupation. In some cases, providers may request a contribution from the developer.

Note: Where no telecommunications provider has been secured to provide fibre infrastructure by the time of highway construction, it is advised that additional dedicated telecommunications ducting is incorporated alongside other utilities to enable the efficient and cost effective provision of fibre infrastructure in the future.

Where the application has been publicised by notice(s) in the vicinity of the site. It is respectfully requested that the notice(s) now be removed and responsibly disposed of to avoid harm to the appearance of the area

If the applicant is aggrieved by the decision of the Local Planning Authority to refuse listed building consent for the proposed works, or to grant consent subject to conditions, he/she may, by notice served within six months of the date of issue of this notice, appeal to the Secretary of State for the Environment in accordance with Sections 20-21 of the Planning (Listed Buildings and Conservation Areas) Act

1990. Appeals must be made using a form which you can get from the Secretary of State at Temple Quay House, 2 The Square, Temple Quay, Bristol BS1 6PN (Tel: 0303 444 5000) or online at the Planning Inspectorate website. Further information on the Planning Appeal process can be found online at the Planning Inspectorates website. You must use the correct Planning Appeal Form when making your appeal. If requesting forms from the Planning Inspectorate, please state the type of application that the appeal relates to so they can send you the appeal form you require. The Secretary of State has power to allow a longer period for the giving of a notice of appeal and he will exercise his power in cases where he is satisfied that the applicant has deferred the giving of notice because negotiations with the Local Authority in regard to the proposed works are in progress.

Please note, only the applicant possesses the right of appeal.

An important part of improving our service is to review your feedback on the way that we have dealt with your planning application(s). Please take a couple of minutes to email your comments to dc.admin@kirklees.gov.uk so that we can work on continually improving our customer service. Thank you.
