5. What Are You Applying For?

Are you seeking consent for works to tree(s) subject to a TPO? ☑ Yes ☐ No

Are you wishing to carry out works to tree(s) in a conservation area? ☐ Yes ☐ No

6. Tree Preservation Order Details

If you know which TPO protects the tree(s), enter its title or number below.

10/75/a3
Property UPRN=83035827

7. Identification Of Tree(s) And Description Of Works

Please identify the tree(s) and provide a full and clear specification of the works you want to carry out. Continue on a separate sheet if necessary. You might find it useful to contact an arborist (tree surgeon) for help with defining appropriate work. Where trees are protected by a TPO, please number them as shown in the First Schedule to the TPO where this is available. Use the same numbers on your sketch plan (see guidance notes).

Please provide the following information below : tree species (and the number used on the sketch plan) and description of works. Where trees are protected by a TPO you must also provide reasons for the work and, where trees are being felled, please give your proposals for planting replacement trees (including quantity, species, position and size) or reasons for not wanting to replant.

E.g. Oak (T3) - fell because of excessive shading and low amenity value. Replant with 1 standard ash in the same place.

Tree A (species unknown at time of application)

Prune back branches overhanging the boundary of 19 Whitebeam Park to the property boundary line. Remove branches causing direct contact with, or pressure upon, the applicant's dry stone boundary wall. All works to be undertaken by a suitably qualified arborist in accordance with BS3998 Tree Work Recommendations.

7. Identification Of Tree(s) And Description Of Works continued ...

Reason for works:

The tree has extended significantly beyond the boundary of 340 Birkby Road and is causing damage and displacement to the dry stone boundary wall at 19 Whitebeam Park. The overhanging growth is creating ongoing pressure on the wall structure and remedial pruning is sought to prevent further deterioration and allow maintenance of the boundary.

The applicant has contacted the landowner on multiple occasions, including a signed-for letter delivered on 26/06/2026, requesting that suitable action be taken. No response has been received. The application therefore seeks consent to prune only those branches encroaching beyond the boundary of the applicant's property.

SEE SUPPORTING DOCUMENT - Location & Images DOHERTY HD2 2GZ (for sketch and images)

The applicant has written to the landowner on two occasions requesting that they undertake appropriate tree management and obtain any necessary permissions. The latest letter was sent by signed delivery on 26 June 2026 and was confirmed delivered. No response has been received.

The applicant understands that the tree remains the legal property of the landowner and seeks only consent to prune branches encroaching beyond the property boundary and contributing to damage of the wall.

All works would be carried out by a qualified and insured tree contractor should consent be granted.

8. Trees - Additional Information

Additional information may be attached to electronic communications or provided separately in paper format.

For all trees
A sketch plan clearly showing the position of trees listed in Question 7 must be provided when applying for works to trees covered by a TPO. A sketch plan is also advised when notifying the LPA of works to trees in a conservation area (see guidance notes).
It would also be helpful if you provided details of any advice given on site by an LPA officer.

For works to trees covered by a TPO
Please indicate whether the reasons for carrying out the proposed works include any of the following. If so, your application must be accompanied by the necessary evidence to support your proposals. (See guidance notes for further details)

1. **Condition of the tree(s)** - e.g. it is diseased or you have fears that it might break or fall: ☐ Yes ☑ No
   If YES, you are required to provide written arboricultural advice or other diagnostic information from an appropriate expert.

2. **Alleged damage to property** - e.g. subsidence or damage to drains or drives. ☑ Yes ☐ No
   If YES, you are required to provide for:

   Subsidence
   A report by an engineer or surveyor, to include a description of damage, vegetation, monitoring data, soil, roots and repair proposals. Also a report from an arboriculturist to support the tree work proposals.

   Other structural damage (e.g. drains, walls and hard surfaces)
   Written technical evidence from an appropriate expert, including description of damage and possible solutions.

Documents and plans (for any tree)
Are you providing separate information (e.g. an additional schedule of work for Question 7)? ☑ Yes ☐ No

If YES, please provide the reference numbers of plans, documents, professional reports, photographs etc in support of your application. If they are being provided separately from this form, please detail how they are being submitted.

SEE SUPPORTING PowerPoint DOCUMENT - Location & Images DOHERTY HD2 2GZ (for sketch and images)

In answer to point (2) The damage is clearly visible and includes displacement and deterioration of stones within the wall structure at the point where the tree is encroaching. Photographs submitted with this application show the relationship between the tree and the affected section of wall.

The tree has grown over the boundary and is causing physical damage to the applicant's dry stone wall. Photographs are enclosed showing the extent of the encroachment and impact on the wall.

9. Authority Employee / Member

With respect to the Authority, I am:

(a) a member of staff
(b) an elected member
(c) related to a member of staff
(d) related to an elected member

Do any of these statements apply to you?

☐ Yes ☑ No

If Yes, please provide details of the name, relationship and role

10. Application For Tree Works - Checklist

Only one copy of the application form and additional information (Question 8) is required. Please use the guidance and this checklist to make sure that this form has been completed correctly and that all relevant information is submitted. Please note that failure to supply precise and detailed information may result in your application being rejected or delayed. You do not need to fill out this section, but it may help you to submit a valid form.

Sketch Plan

- A sketch plan showing the location of all trees (see Question 8) ☑

For all trees
(see Question 7)

- Clear identification of the trees concerned ☑
- A full and clear specification of the works to be carried out ☑

For works to trees protected by a TPO
(see Question 7)

Have you:

- stated reasons for the proposed works? ☑
- provided evidence in support of the stated reasons? in particular:
  - if your reasons relate to the condition of the tree(s) - written evidence from an appropriate expert ☑
  - if you are alleging subsidence damage - a report by an appropriate engineer or surveyor and one from an arboriculturist. ☐
  - in respect of other structural damage - written technical evidence ☐
- included all other information listed in Question 8? ☑

11. Declaration - Trees

I/we hereby apply for planning permission/consent as described in this form and the accompanying plans/drawings and additional information.
