The application has been submitted for an outbuilding and awning,both of which have been already erected many weeks ago without planning aproval.The outbuilding is too big in all dimentions and is intended to be lived in.It is a house not a grand shed.The views from my house and garden have been severely impacted by this structure.The awning is certainly not in keeping with the area,Leeds Road is a long road with no other house having a similar carbuncle.It is large and ugly and impinges the light into my living room.It also has spotlights which when alight is very bright and floods my living room with brightness.
