| <p>The roads in and out of east bierley are already too busy with passing traffic. Many use the village and toftshaw lane to avoid tong street which is already dangerous. The proposed site is next to a park and playing field area for children unsafe for increased traffic. Access road is on a tight bend and narrow. Extra noise with increased houses, people and traffic. Schools in this area already at full capacity. Primary school is full and BBG the catchment high school does not have the capacity for increased numbers of children moving into the area. Also doctors surgery's are full and there is not enough amenities in the local area. The main road into east bierley from Bradford road is becoming dangerous with parked vehicles on either sides of the road and almost impassable at times for the bus route. Would impact the village greatly and ruin the look and feel of this small village.</p> |    |
