Type of comment: A general comment	
Do you wish your comments to be published on the website anonymously?	No
In the application is states, no trees or hedges need to be removed or pruned to carry out the proposal, can you please confirm this is accurate. Additionally, as Meadow Bank Crescent is a cul de sac which entry and exit access at one end only, onto another narrow side road, what will the impact be on local residents during the construction period.it can be challenging at times now for access at certain periods. We have had instances recently where vehicles have been damaged by larger vehicles trying to navigate access from Bank Street and onto Bank St from Meadow Bank Crescent. Kirklees own refuse vehicles have trouble accessing from time to time. Whilst I have no formal objection to the application, I have concerns around the above during the construction period. Please remove any personal data and reference to my postal address from any website publication
