On behalf of Huddersfield Civic Society, we would seek further clarity on what exactly this recent application proposes ? There have been recent questions about the loss of the original art deco shop front on a listed building lying within the town centre conservation area, and therefore the civic society would seek to have that original frontage replaced. The drawings contained within the application might have that intention, but without updated specific detail, and comment about materials to be used, we have to ask for refusal whilst those plans can be clarified.
