Appendix A – Climate Change Statement

Climate Change Statement for Planning Applications

Part 1: Applicant details

Name of applicant/agent	NASIR SHUKUR
Site Address	15, Knaresborough Drive, Fartown, Huddersfield, HD2 2PR
Description of Development	Proposed Double storey rear, front porch and Garage with Dropped Kurb

Part 2: Climate Change Mitigation measures

Please respond to the following questions considering the measures set out in the Climate Change Guidance note:
Q1: What measures have been/will be taken to reduce the energy demand associated with your proposed development beyond the minimum required in Building Regulations? (See section 2)
Provide external space for drying washing naturally
Q2: What measures have been/will be taken to limit the carbon consumed through the implementation and construction processes, e.g. by reusing existing on-site materials or sourcing materials locally? (See section 3)
source materials locally to reduce the need for transport
Q3: What measures have been/will be taken to utilise renewable or low carbon energy sources? (See section 4)

local area energy networks
Q4: What measures have been/will be taken to ensure the building design and layout has been optimised to energy efficiency beyond the minimum requirements in Part L of the Building Regulations ? (See section 5)
extra insulation of walls and roofs
Q5: What measures have been/will be taken to reduce potential impacts of flooding associated with your proposed development? (See section 6)
avoiding large areas of impermeable hard surfacing
Q6: What measures have been/will be taken to reduce water stress associated with your proposed development? (e.g. Water retention and minimisation measures) (See sections 7 and 8)
water efficient toilets
Q7: What measures have been/will be taken to provide biodiversity net gains? (See section 8)
use drought resistant plants
Q8: What measures have been/will be taken to reduce air pollution associated with your proposed development? (See section 9)
extra insulation of walls and roofs
