**Appendix A – Climate Change Statement**

**Climate Change Statement for Planning Applications**

**Part 1: Applicant details**

| | |
|---|---|
| Name of applicant/agent | Victoria Tillotson |
| Site Address | The Little Lock<br>Marsden Lane<br>Marsden |
| Description of Development | Rear extension |

**Part 2: Climate Change Mitigation measures**

| |
|---|
| Please respond to the following questions considering the measures set out in the Climate Change Guidance note: |
| |
| Q1: What measures have been/will be taken to reduce the energy demand associated with your proposed development beyond the minimum required in Building Regulations? (See section 2) |
| Central heating system to be zoned and on timer<br>Smart energy metering<br>Energy efficient white goods<br>External space for clothes drying |
| Q2: What measures have been/will be taken to limit the carbon consumed through the implementation and construction processes, e.g. by reusing existing on-site materials or sourcing materials locally? (See section 3) |
| Locally sourced materials.<br>Recycle existing materials where possible<br>Reduce waste on site during construction. |
| Q3: What measures have been/will be taken to utilise renewable or low carbon energy sources? (See section 4) |
| Will consider solar panels. |
| Q4: What measures have been/will be taken to ensure the building design and layout has |

| |
|---|
| been optimised to energy efficiency beyond the minimum requirements in Part L of the Building Regulations ? (See section 5) |
| Will consider use of triple glazing<br>Low energy lights<br>Possibly solar panels |
| Q5: What measures have been/will be taken to reduce potential impacts of flooding associated with your proposed development? (See section 6) |
| None available other than keeping soft landscape to garden.<br>Will consider rainwater harvesting |
| Q6: What measures have been/will be taken to reduce water stress associated with your proposed development? (e.g. Water retention and minimisation measures) (See sections 7 and 8) |
| Will consider rainwater harvesting |
| Q7: What measures have been/will be taken to provide biodiversity net gains? (See section 8) |
| Keep soft landscaping.<br>Gaps in fence for hedgehog access. |
| Q8: What measures have been/will be taken to reduce air pollution associated with your proposed development? (See section 9) |
| Locally source materials. |
