Description of Proposal

Does the proposal consist of, or include, the carrying out of building or other operations?

- [x] Yes
- [ ] No

If Yes, please give detailed description of all such operations (includes the need to describe any proposal to alter or create a new access, layout any new street, construct any associated hard-standings, means of enclosure or means of draining the land/buildings) and indicate on your plans (in the case of a proposed building the plan should indicate the precise siting and exact dimensions)

In line with clean energy and conservation we plan to attach solar panels to our garage roof which is a separate building to the house. These fall within permitted guidance but as we live in a conservation area we are applying for a Lawful Development Certificate.
31 Solar panels are to be used and placed as per photograph. Type:Aiko Neostar 2S+ 465W Dual Glass All Black N-Type Mono 1134 x 1757 x 30 mm. These are mounted using a Renusol pitched roof system.

These panels will not be visible from the highway as the garage sits at 90 degrees to the road.
The garage sits beyond the back boundary of the house.
The panels will not protrude from the roof by more than 200mm and they will not be higher than the roof top.

Does the proposal consist of, or include, a change of use of the land or building(s)?

- [ ] Yes
- [x] No

Has the proposal been started?

- [ ] Yes
- [x] No

Grounds for Application

Information about the existing use(s)

Please explain why you consider the existing or last use of the land is lawful, or why you consider that any existing buildings, which it is proposed to alter or extend are lawful

We are not altering any buildings.
We are not changing the use of the land.
We are planning on more clean energy use
There will be no impact on the heritage aspects of the site.
The garage is used to park cars. There is a storage area at the back

Please list the supporting documentary evidence (such as a planning permission) which accompanies this application

Information about the proposed use(s)

Select the use class that relates to the proposed use.

Please select...

Is the proposed operation or use

- [x] Permanent
- [ ] Temporary

Why do you consider that a Lawful Development Certificate should be granted for this proposal?

The placing of solar panels on a pitched roof that are within permitted developments rights would not normally be needed but we live in a conservation area
There is no change of use

Community Infrastructure Levy

Your development may be liable for a charge under the Community Infrastructure Levy if it involves new or additional gross internal area for residential and non-residential buildings, including extensions or a new dwelling. If your scheme is liable, this charge is payable after development begins.

Information on the CIL charges can be found on the local authority website. In London both Mayoral and local borough CIL charges may be applicable.

Your answers below, and in the application, will enable the local authority to establish if your development is liable for a charge and to calculate it accurately.

Further information on CIL, and what to do if you are liable can be found on the Planning Portal.

It is an offence for a person to knowingly or recklessly supply information which is false or misleading in a material respect to a collecting or charging authority in response to a requirement under the Community Infrastructure Levy Regulations (2010) as amended (regulation 110, SI 2010/948). A person guilty of an offence under this regulation may face unlimited fines, two years imprisonment, or both.

Liability for CIL

Does the application include new build development (including extensions and replacement) of 100 square metres gross internal area or above?

- [ ] Yes
- [x] No

Note: Answer No if either:

- the new or additional internal area only relates to a building into which people do not normally go or only go into intermittently for the purposes of inspecting or maintaining fixed plant or machinery; or
- the new or additional internal area solely relates to an internal/mezzanine floor and no other works or change of use are proposed.

Does the application include creation of one or more new dwellings (including residential annexes) either through new build or conversion (except the conversion of a single dwelling house into two or more separate dwellings with no additional gross internal area created)?

- [ ] Yes
- [x] No

Site Visit

Can the site be seen from a public road, public footpath, bridleway or other public land?

◯ Yes
⊘ No

If the planning authority needs to make an appointment to carry out a site visit, whom should they contact?

◯ The agent
⊘ The applicant
◯ Other person

Solar panels would be permitted development if limitations/conditions are met.
These are all black panels, panels not placed on a visible roof slope, reversible fixings and cause minimal damage to roofing fabric.
Panels should not protrude beyond 200mm, be higher than the highest part of the roof.
Links to Historic England were attached.

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:
(a) a member of staff
(b) an elected member
(c) related to a member of staff
(d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

◯ Yes
⊘ No
