Condition(s) - Variation/Removal

Please state why you wish the condition(s) to be removed or changed

The approved internal road layout has been revised to reflect the developed highway design. This has resulted in consequential amendments to the approved site layout, retaining wall design and drainage strategy.

The relevant planning conditions therefore require variation so that the approved scheme accurately reflects the revised coordinated design.

If you wish the existing condition to be changed, please state how you wish the condition to be varied

It is proposed to vary the following conditions of planning permission 2022/62/92406/W:

Condition 2 – Approved Plans: to substitute the affected approved plans with revised drawings reflecting the amended site and internal road layout.

Condition 15 – Footway Specification: to reflect the revised highway and footway arrangement associated with the amended access and road layout.

Condition 16 – Retaining Walls: to reflect the revised retaining wall design arising from the amended road layout.

Condition 18 – Full Drainage Details: to reflect the revised drainage strategy and associated drainage design coordinated with the amended road layout.
The remainder of the approved development is unchanged.

Community Infrastructure Levy

Your development may be liable for a charge under the Community Infrastructure Levy if it involves new or additional gross internal area for residential and non-residential buildings, including extensions or a new dwelling. If your scheme is liable, this charge is payable after development begins.

Information on the CIL charges can be found on the local authority website. In London both Mayoral and local borough CIL charges may be applicable.

Your answers below, and in the application, will enable the local authority to establish if your development is liable for a charge and to calculate it accurately.

Further information on CIL, and what to do if you are liable can be found on the Planning Portal.

It is an offence for a person to knowingly or recklessly supply information which is false or misleading in a material respect to a collecting or charging authority in response to a requirement under the Community Infrastructure Levy Regulations (2010) as amended (regulation 110, SI 2010/948). A person guilty of an offence under this regulation may face unlimited fines, two years imprisonment, or both.

Liability for CIL (when applying to Remove or Vary Conditions on an Existing Planning Permission)

Does the application involve a change in the amount or use of new build development, where the total (including that previously granted planning permission) is over 100 square metres gross internal area?

◯ Yes
⊘ No

Note: Answer No if either:

- the new or additional internal area only relates to a building into which people do not normally go or only go into intermittently for the purposes of inspecting or maintaining fixed plant or machinery; or
- the new or additional internal area solely relates to an internal/mezzanine floor and no other works or change of use are proposed.

Does the application involve a change in the amount of gross internal area where one or more new dwellings (including residential annexes) are to be created, either through new build or conversion (except the conversion of a single dwelling house into two or more separate dwellings with no additional gross internal area created)?

◯ Yes
⊘ No

Site Visit

Can the site be seen from a public road, public footpath, bridleway or other public land?

⊘ Yes
◯ No

If the planning authority needs to make an appointment to carry out a site visit, whom should they contact?

◯ The agent
⊘ The applicant
◯ Other person
