Appendix A – Climate Change Statement

Climate Change Statement for Planning Applications

Part 1: Applicant details

Name of applicant/agent	Novl Studio
Site Address	15 Claremont, Heckmondwike, WF16 9LJ
Description of Development	Raising of eaves height to one side and associated roof alterations to existing storage building.

Part 2: Climate Change Mitigation measures

Please respond to the following questions considering the measures set out in the Climate Change Guidance note:
Q1: What measures have been/will be taken to reduce the energy demand associated with your proposed development beyond the minimum required in Building Regulations? (See section 2)
None.
Q2: What measures have been/will be taken to limit the carbon consumed through the implementation and construction processes, e.g. by reusing existing on-site materials or sourcing materials locally? (See section 3)
All materials for the construction will be sourced locally and will be of a high quality to minimise maintenance.
Q3: What measures have been/will be taken to utilise renewable or low carbon energy sources? (See section 4)

None.
Q4: What measures have been/will be taken to ensure the building design and layout has been optimised to energy efficiency beyond the minimum requirements in Part L of the Building Regulations ? (See section 5)
None.
Q5: What measures have been/will be taken to reduce potential impacts of flooding associated with your proposed development? (See section 6)
None.
Q6: What measures have been/will be taken to reduce water stress associated with your proposed development? (e.g. Water retention and minimisation measures) (See sections 7 and 8)
None.
Q7: What measures have been/will be taken to provide biodiversity net gains? (See section 8)
None.
Q8: What measures have been/will be taken to reduce air pollution associated with your proposed development? (See section 9)
None.
