Minor Non-Material Amendment Application: Imported Stone to the rebuilt wall on Aldams Road

Details;

Imported stone is required to achieve the final design of the rebuilt wall facing Aldams Road. The proportion of imported stone required is approx. 10% of the overall construction and in the order of 50m² of the completed wall.

The stone will be blended into the existing stone distributed over the overall section of wall.

The imported stone to be used has been reclaimed from the former Mount St Mary's Church, Leeds.

Photographs of the imported stone samples are indicated below:
