<p>This application is to demolish a fundamental part of local and national industrial history. The Shears was a famous meeting place for Luddites. It is an important part of our industrial heritage. I object to this application on heritage grounds. The character of the area is inlaid with reference to the Luddites, and the Rawfolds Mill development has ruined the connection with the attack on Rawfolds Mill. This building was an integral part of that historic incident. If it is demolished it will further destroy the character of the area and irreparably damage it. Please reject this application.</p>
