| <p>I would like to object to the erection of properties on the former Black Cat site at Crosland Hill.</p> <p>As a child growing up in the area it was an area for environmental amusement watching rabbits hop along inside the perimeter fence whilst dogs could not get to them. The area is well known as a habitat for wildlife that will be destroyed if housing takes place.</p> <p>How long is this destruction of our safe haven for wildlife going to continue? Are Kirklees Councillors intent on bringing the Colne and Holme Valley areas into disarray and mayhem with gridlocks roads? Meltham and Helme have already been overpowered with housing with no support from Cllr Lyons who seems to be more intent on getting funding for his precious Meltham Greenway than anything else. Netherton has also been shattered with additional housing passed through at a meeting by Cllrs from Dewsbury. I can appreciate why the St Lukes site has been passed for housing but a large development at Crosland Hill???? NO. This destruction of our green and precious land needs to stop before it's too late.</p> <p>If it were to happen please ensure that it's the correct mix of housing and bungalows for elderly and disabled people rather than just big houses with limited parking space and single garages. And please also ensure that pavements are in place to cater for elderly and disabled people in addition to double buggies.</p> <p>Lastly, buses. Ensure that public transport is available for residents. It's a big hill to slog up on foot.</p> |
