I am writing to give my support for the proposed indoor shooting range at Knowle Lane. Having been a member of the archery club for a few years now, I can see real the benefits for the club with an indoor range. It would enable the members to participate in their sport all the year round, in addition to the obvious benefits in the winter months, archers would get the benefit on wet summer days. The benefits of this facility being recognised by Sport England with the awarding of funding of £50000.00. I do thing that an indoor facility would benefit the club and area.
