<p>I am very concerned about all the local wildlife as we have a pair of Canda geese breeding and have had for several years not to mention every thing else that relies on these ponds. They have stood in Newsome for over 200 years they are part of the Newsome heritage reading previous application Kirklees refused any sort of plans to build so they took it to appeal to government they passed it without visiting the site HOW CAN THIS HAPPEN ????? My biggest concern is what will happen to all the water that drains from castle hill into these ponds where will it go ?? What affects will it have on the surrounding houses ??? Why build here ??? Build where the old mill was or where the old stile common school waste land ??? Why destroy some so beautiful????</p>
