| <p>I support this application on behalf of the disenfranchised. Those not entitled to a say. The future homeowners or tenants for the area. Also the utter hypocrisy of those who benefited from mass post war house building objecting to minor housing developments such as this. Our planning rules need major reform, and currently represent a tyranny of over entitled home owner dictating what future generations can have or more likely can't have. Please build. Just to add I would far prefer the swathes of car parking on so called brownfield sites to be used for development but this is not the case. I thank the planners in the 1960's for providing me with a place to live.</p> | |
