<p>I strongly object to the building of housing or any other structures on the mill ponds on Hart Street, Newsome. The site is a haven for wildlife and the land in front of the mill ponds could be designated for such if it was tidied up. Newsome village has already gone downhill over the years and something needs to be done to rectify this. Additional housing will also add to the burden of already busy roads in the surrounding areas. I also feel for the residents of Hart Street who will have their views obscured. The ongoing problems with the mill building itself should be addressed first before any other building works are agreed. Newsome has become a slum!</p>
