<p>I previously live on Hart street for approximately 18 years. I lived right next to the mill ponds therefore seeing it throughout the year's.</p> <p>Abundance of differnt animals and species live on the ponds, lots of bats fly round there feeding off the insects flying above the water. The herons come each and everyday. Every year the ducks come back to have their chicks amd we have even seen Canadian geese many years who also have there chicks there.</p> <p>The dams collect alot of the water that runs from Castle hill so by removing these dams the water obviously flood elsewhere.</p> <p>Lots of children walk by with their parents and feed the ducks and look for the fish(many in the ponds)</p> <p>I think it will be a valuable piece of land destroyed into yet another concrete jungle.</p> <p>Build on the mill, that needs sorting out and making safe.</p> <p>Leave the mill ponds alone!!!!</p>
