<p>This ponds area has been home to a great deal of varied wildlife for years including migrating birds. However, it's obvious from the plans that any house with more than one car is going to have to use on street parking. Hart street already has a lot of cars parked during the day, and any more will mean parking on both sides which the street isn't wide enough for. Due to local businesses, all the streets round here are crowded in the day, plus vehicle access to the local school will be impacted as well.</p> <p>A development with access from Newsome Road only would be far better for existing homes and traffic if it must go ahead.</p>
