<p>I've had the privilege of looking out onto the mill ponds every day since we moved here earlier this year. The wildlife is so abundant. I have observed the heron who is here at the ponds several times throughout the day, ducks, bats, robins and nesting Canadian geese who, this season, hatched goslings and call these ponds their home.</p> <p>I've watched the amazing, established trees grow their leaves as spring arrived and have filled the area with so much greenery, it's truly gorgeous.</p> <p>To lose this historical and beautiful patch of nature to housing would be incredibly shameful when there is literal wasteland behind the remains of the mill over the road that is in desperate need of regeneration.</p> <p>The disruption to the surrounding residents that this proposed development would cause would be permanent and astronomical; loss of views, privacy, overcrowding, overdevelopment and access issues on Hart Street to name a few.</p> <p>Please, in the very least, conserve the land, and even consider turning the ground into a useable space for the local community.</p>
