<p>I have lived in Newsome for the past 12 years ( my husband has been a resident all his life). We both value the site as a valuable green space in the area and as a part of local heritage.</p> <p>We are nature lovers and often walk past the ponds to watch the wildlife there.</p> <p>Destroying yet another refuge for wildlife is short sighted, as is the removal of a public space which could be put to better use than yet more housing.</p> <p>The ponds provide a system of drainage in the area, which is prone to flooding. We have personal experience of this.</p>
