<p>I strongly object against the proposed distribution centre to be situated on Whitechapel road the damage to the local environment, light & noise pollution this will generate would be disastrous not to mention accidents waiting to happen to school children walking to either Whitechapel C of E and Whitcliffe Mount Secondary school. What price do we have to pay? The volume of traffic increase whilst the proposed building is being built and once this distribution centre is fully operational has the potential to cause traffic jams from Chainbar roundabout through Scholes and Cleckheaton and not just as rush hour periods which would increase the risk of vehicle accidents. Is it worth it?</p>
