2021/62/92603/E I wish to strongly object to the above planning application. I feel the construction of such an enormous building will drastically increase the amount of traffic in the local area. The vast number of people working at the site will probably use cars to commute and these will cause untold disruption to both Cleckheaton and scholes village. The air pollution will also increase as will traffic noise, both of which will have a detrimental impact on the lives of us living in the area. The building is far larger than anything else in the surrounding area and will have a huge impact on not only the scenery but, the environmental damage to wildlife and trees cannot be repaired. I also support Save Our Spen's representation on this planning application as I share it's concerns. Yours faithfully
