

For the attention of Kate Mansell

Dear Kate

Reference Application number: 2021/62/92603/E

Proposed development on land to the west of the M62 and south of Whitehall Road, Cleckheaton, BD19 6PL

I write in connection with the above planning application. I wish to **object strongly** to this development in this location for the following reasons:-

Pollution: both noise and air

Road Network: Whitechapel Road and Whitcliffe Road. Both very busy roads and the additional workforce traffic will increase this drastically. The traffic light-controlled Bradford Road/Whitechapel Road/Hunsworth Lane crossroads already generate long queues. This can only get worse.

Flooding: rain water being diverted to the local beck and river could cause problems for areas that already have flooding issues.

Environment: wildlife and trees. It is blatantly obvious to all that wildlife will suffer badly if the building of this huge distribution centre is approved. Trees produce valuable oxygen for us all and as well as a good environment for the wildlife.

I also support Save Our Spen's representation on this planning application as I share its concerns.

Yours sincerely
