<p>As someone who commutes on the a58 every day, I object to this application because of the negative affect it will have on both traffic and the natural environment of the area.</p> <p>The traffic is already bad enough with congestion at rush hour most days, both to and from chain bar and up to the crossroad traffic lights at scholes. Additional road users would only further increase traffic and worsen the congestion.</p> <p>The loss of open green space is certainly unwelcome too. We must preserve natural environments to lessen the impact of climate change and reserve spaces for wildlife to thrive. Surely there are brownfield sites that could be repurposed instead of ruining more countryside. Please reconsider!</p>
