Dear Sirs,

I write concerning the planning application number 2021/62/92603/E.

I object to this planning application on the grounds that the A58 and Chain Bar are already very busy and would become much worse were the plans to go ahead.

I also feel that the road near Beardsworth's already floods so the added water would make it dangerous and a problem for motorists.

I trust you will take these objections into account.

Yours faithfully,
