For the attention of Kate Mansell

Dear Kate

Reference Application number: 2021/62/92603/E

Proposed development on land to the west of the M62 and south of Whitehall Road,
Cleckheaton, BD19 6PL

I write in connection with the above planning application. I wish to **object** strongly to this development in this location for the following reasons:-

- This will cause a massive amount of increased traffic in the local area. The motorway junction is already at near capacity, the massive increase of traffic for the warehouse will cause increased congestion and pollution in the local area.
- The increase of traffic to and from the site will cause the roads to be more dangerous for other users.
- The increase of traffic to the site will cause a significant increase of noise and pollution to the area.
- The proposal is significantly larger than what is specified in the local development plan.

I also support Save Our Spen's representation on this planning application as I share its concerns.

Yours sincerely,
