<p>My daughter has recently started at Whitecliffe school and working within the recruitment industry I understand the level of traffic this create making it extremely unsafe for all the children walking home in this area.</p> <p>Having visited a lot of Amazon sites not one I have been too has been built in the such environment.... The area is just not capable to accommodate.</p> <p>Having lived in Cleckheaton for 7 years I have already noticed the increase in traffic levels due to new homes etc and Cleckheaton is not built for the size site being in such close proximity to houses and schools..... Not to mention the next level of pollution in an already built up area.</p>
