Dear Kate

Reference Application number: 2021/62/92603/E

Proposed development on land to the west of the M62 and south of Whitehall Road, Cleckheaton, BD19 6PL

I write in connection with the above planning application. I wish to object strongly to this development in this location for the following reason:

1. The increased amount of traffic that would come through Scholes village and surrounding areas.

Where will the HGV drivers go on their statutory rest periods or if they arrive before their allocated slot?

The planning application submitted contains no details of how the HGV's will safely exit and enter the site at the expected rate of 1 every 26 seconds.

Whitechapel Road already gets congested at various times and this proposal could only make it worse with a forecast 660 cars arriving and leaving with each shift change.

The proposed site and proposed car and staff access entrance is immediately opposite the sports pavilion used regularly throughout the day by pupils at Whitcliffe Mount and other local sporting groups.

I also support Save Our Spen's representation on this planning application as I share its concerns.

Yours sincerely,
