For the attention of Kate Mansell

Dear Kate

Reference Application number: 2021/62/92603/E

Proposed development on land to the west of the M62 and south of Whitehall Road,
Cleckheaton, BD19 6PL

I write in connection with the above planning application. I wish to **object** strongly to this development in this location for the following reasons:-

The proposed development contradicts the Kirklees Council climate emergency declaration and their carbon neutral vision statement. It would have an adverse effect on air quality due to hugely increased emissions and loss of plant life.

Any development of this site would have a devastating effect on local wildlife. The site is unspoiled farmland and once lost it can never be recovered. As such it should be protected and highly valued as an increasingly rare natural asset for the benefit of wildlife, the environment and food production.

I also support Save Our Spen's representation on this planning application as I share its concerns.

Yours sincerely,

Manor House Farm

Lower Wyke Lane

Bradford
