<p>The first and main objection has to be traffic and it's impact on what is already a very busy chain bar roundabout. We regularly see traffic queuing up the A58 through Birkenshaw and on the other side to Scholes. Bradford Road is also often backed up into Cleckheaton. The chain bar roundabout has seen many accidents over the years due to the volume of traffic and the extra HGV's will only add to this issue.</p> <p>The increase in air pollution for local residents has to be an issue and also the increased risk of flooding due to drainage capacity.</p> <p>It will have a huge detrimental visual impact on the area mainly from Whitechapel Road and Cleckheaton Golf Club.</p> <p>Overall there has to be more suitable locations for developments of this size where the damage to the local population is much less.</p>
