<p>I wish to strongly add to my objections</p> <p>I have read the new proposals and it does not resolve any of the issues and the proposals are to the benefit of Amazon.</p> <p>The pollution in fact is worse and they try to hide the fact behind a changed scale.</p> <p>They have not removed the entrance of Whitechapel road and if anything have increased the traffic and safety risk .</p> <p>They have ignored the recommendations for a roundabout and want a traffic light system, that benefits Amazon traffic.</p> <p>reducing a couple of height of posts, does not take away the light pollution. In fact they have not included the head lamps shining into home's of HGV's passing the cemetery. and not included the extra car lights and noise at night with extra staff levels</p> <p>The new one system will increase noise to the cemetery.</p> <p>in fact this is still designed for an industrial estate and does not take into account the residential area.</p>
