<p>I wish to keep my objections they have not been addressed.</p> <p>Also disappointed they still have not removed Whitechapel road as strongly recommended or put a roundabout on the A58.</p> <p>They have increased staff levels , but carpark size has not increased and is smaller than other Amazon warehouses , that are smaller and have less staff and one have 1 more electric point.</p> <p>The traffic and other reports , do not reflect the new staff levels and some say distribution warehouse and others fulfillment center and they are two very different animals and need to be rejected.</p> <p>Nothing has been done for HGV's turning up outside of slots. the excuse they wont , begs belief. Look at every other Amazon site and see Lorries parked up in roads , luckily most are on industrial warehouse parks, but here is residential and will cause massive issues as per Haydon for example .</p> <p>i am very disappointed this has not already not been rejected as this is not in line with the local plan</p>
