BD19 6DT

Dear Ms. Mansell,

Planning Application 2021/62/92603/E.

With reference to the above planning application which I understand is for the erection of a massive warehouse facility for Amazon, I would like to register my very strong objection to this.

I find it difficult to believe serious consideration is being given to this application which would add to the already huge pressure at chain Bar and the access to the M62.

Please do take the sensible decision to turn down this application which will cause chaos, not just to local residents in the Kirkstiles area, but also to the movement of traffic on the M62 as a whole, particularly at this junction.

Kind regards,

Yours sincerely
